

At zeb we see ourselves as partners for change. Our philosophy and mission are to support clients who make decisions and foster value creation to shape the future of banking and insurance. We develop visions and innovative strategies, make them actionable, and put them thoroughly into motion for our clients. We are not simply satisfied with crafting adequate answers but are driven by the urge to see effective results. Due to our creativity and independence in terms of ideas and actions, we are able to create new value-setting standards. We are a 360° management consultancy that revolves around one thing: the success of our clients.

We are looking for intellectually-curious, open-minded, innovative, analytical, and entrepreneurial people, who see the “big picture”. We are currently hiring for the following position:

## Consultant (f/m/d) Banking / Insurance Strategy

Office: Mailand

### YOUR PROFILE:

- You have very successfully completed your studies with an MBA, master or doctorate degree
- You understand the structures and working approaches of financial services providers or consultancies from prior training or relevant internships and experiences
